

A photograph showing a person lying face down on a concrete ledge. The person is wearing khaki pants, a dark sweater, and white sneakers. A tan messenger bag is resting on the ledge next to them. The background is a blurred wooden fence.

our choices affect his!

We are all concerned about our communities and this beloved country we call home. Our behaviours and the decisions we make can affect those around us and how they live their lives. At Oculus, we want to make a positive contribution to our society, and that is why we are proud to introduce the Oculus Loving Proof Program. We will be living, loving proof of what we can do together as caring human beings and responsible corporate citizens. For every new client who signs with Oculus in 2011, Oculus will match and donate one-quarter of those confirmed consulting hours to a local charity. Let's work together to educate, to change lives, and to leave a positive, lasting impression. Let us help you make a difference as we aspire to make our world a better place!
